

"GET RICH QUICK"

Scheme Was Nipped by a Raid on a Chicago Concern This Morning.

PANIC AMONG "LADY SPECULATORS" WHEN POLICE ARRIVED.

Red Letter Sullivan Who is Said to Have Obtained a Million Dollars, Locked Himself in Office, But Was Taken With a Hundred Others.

(Advocate Telegram.)

Chicago, May 23—What is said by the police to be the most mammoth "get-rich-quick" scheme ever set in operation, was nipped this morning by raids made by detectives on the George T. ("Red Letter") Sullivan Stock and Grain Company. Detectives working on the case aver they found evidence that the Sullivan company and alleged swindling turf concerns raided during the past few months were operated by the same men.

The police declare that Sullivan is making alleged fraudulent representations which have induced hundreds of victims to invest with him in stocks. When the investors wished to withdraw the profit or principal they were told it was lost. Detectives say the firm has taken in \$50,000 in the past two months and were about to ab-

second. They had offices in all the big cities of the country and in many of the smaller ones.

Three luxuriously furnished offices for "lady speculators," were raided in the downtown districts today. Richly dressed women of all ages were found in the rooms. The raids created panics and hysteria. Over 100 persons were arrested. Sullivan locked himself in his office and the officers found it necessary to break down the door.

After all the prisoners had been bundled into patrol wagons the officers cut all of the telegraph wires in the office. Almost a ton of literature and mail was carted away. From the mail seized it was found that the concern has leased telegraph wires and operators in nearly every town of any size in the country, including several in Ohio. It is estimated that Sullivan has obtained at least a million dollars.

DEMONSTRATION

As a Protest Against England's Education Bill Occurred in London This Afternoon.

(Scripps-McRae Cablegram.)

London, May 23—One of the biggest demonstrations in the history of London occurred this afternoon at Hyde Park as a protest against the government's education bill. Seven hundred thousand persons participated. The great procession formed at Victoria embankment and marched to the park through the leading thoroughfares of the city. The procession presented an extraordinary spectacle with its moving masses of black coated marchers. The bill is an attempt to abolish all Catholic and other parochial schools and have all schools come under the authority of the Church of England.

Seventeen Drown

(Scripps-McRae Cablegram.)

London, May 23—Word was received here today that the Finnish steamer Hylki has foundered in the Baltic Sea and that 17 lives were lost.

Glencoe, L. I., May 23—The scheduled race between the Reliance, Columbia and Constitution may not take place today as the wind has died down.

Philadelphia, Pa., May 23—The work of removing Western Union poles and wires from Pennsylvania railroad property has been virtually completed.

Miss Bertha Barr of Mansfield is the charming guest of the Misses Traxler of Hudson avenue, for a few days.

DESPERATE FIGHT

In Which a Burglar of National Reputation Was Fatally Hurt After Downing Three Policemen in Chicago—He Died Today.

(Advocate Telegram.)

Chicago, May 23—Edward Lucas, a burglar of national reputation, who was shot in a duel with three policemen last night, died of his injuries this morning.

The fight was one of the most desperate in police annals. Placed under arrest, after a desperate battle with one officer, he succeeded in knocking the latter down, handled another the

same way and picked up a third and dashed him to the pavement with tremendous force. Then while in the act of reaching for his pistol he was shot by one of the prostrate men once in the arm and twice in the abdomen. With the blood gushing from his wounds, Lucas ran for more than a block and sought refuge in a barn where he was retaken completely exhausted.

PRINCE

Is Paying Marked Attention to Mrs. Potter Palmer—Rumor of an Approaching Wedding.

(Scripps-McRae Cablegram.)

Paris, May 23—The Prince of Monaco has been paying such marked attention to Mrs. Potter Palmer of Chicago, that the report has gained gen-

eral credence that the engagement of the couple will soon be announced. The Prince on two occasions recently came to Paris from Monaco for no other reason than to pay his respects to Mrs. Palmer. His highness is continually expatiating on her charms.

STORM

Played Havoc at Bucyrus.

Many Buildings Razed by The Wind.

ANOTHER TORNADO SWEEPS OVER KANSAS.

A WINDSTORM FORCED A CAR

On the Track and Collision Was Narrowly Averted—Destruction and Death Elsewhere.

(Advocate Telegram.)

Eureka, Kas., May 23—Southeast Eureka was visited by a cyclone this morning. A dozen houses in the path of the storm were destroyed and at least a half dozen people were more or less seriously hurt. Mrs. Frank Sample was blown nearly a half block but may recover. Mrs. J. C. German was badly cut about the head and body and is not expected to live. Her daughter was also badly hurt. Mrs. J. H. Owen was cut and bruised and her home was entirely destroyed.

Bucyrus, Ohio, May 23—Bucyrus streets were blocked last evening with the wreckage caused by a terrible storm. Hundreds of men are clearing the streets, which are filled with fallen trees and other debris. From all parts of the county come reports of farm buildings, schoolhouses and churches destroyed. An inch and a half of rain fell in half an hour and hail cut leaves and twigs from the trees. Whole orchards were destroyed. The damage is incalculable.

The mammoth new farm barn of John Lutz was completely destroyed, and the timbers scattered about the farm.

The church in the Lost creek district was destroyed. The school building in District No. 4 was demolished. A lot of live stock owned by Wm. Arbuckle was killed and his farm building destroyed. The large barns of G. W. Albright were torn to pieces, and several horses and other live stock killed. A farm building of J. H. Kiess was destroyed. Daniel Beal lost a farm building. Windmills in all parts of the country proved a prey for the storm. Many orchards were uprooted and destroyed.

The Dostal Brewery was damaged. The John Shock residence was struck by lightning. A part of the Nicholas

residence was blown down and the Jane L. Monnett residence was badly damaged. Trees were blown across the Pennsylvania railway tracks and the tracks of the electric railway line. The barn of M. C. Coulter was partly destroyed. At the brickyard of Witter & Bresinger, all the brick in the drying shed were destroyed. The new Lutheran church was badly damaged and the Ohio Central shops suffered from the wind. A great deal of damage was done throughout the country, but communication being cut off makes details unobtainable. So far as reported no lives have been lost.

ANOTHER KANSAS STORM.

Abilene, Kan., May 23—A tornado swept up the Solomon Valley Friday afternoon, then turned eastward and passed between Talmage and Manchester. Buildings on the farms of H. C. Harvey, William Young and Edward Gibson were wiped out. Harvey is badly hurt. At Clay Center two girls were killed and several persons injured. Half the town is reported to be blown away.

COLLISION AVERTED.

Wabash, Ind., May 23—The motorman of a westbound car of the Fort Wayne and Southwestern traction line had an experience yesterday which almost turned his hair gray. He was a half hour behind time out of Huntington, and was sending the car along with all the "juice" available. When near the Happy Hollow grade he encountered a stray box car which had been used during the road's construction and which had been on a switch. The storm had forced the car out on the main line, and, impelled by gravity it was running fast toward the approaching interurban.

When the motorman detected the runaway he stopped his car and started backward as fast as he could run, and managed to get in on a siding barely in time to miss a collision, which, would have killed or injured many.

GREAT DESTRUCTION.

Winamac, Ind., May 23—Pulaski county was in the path of a tornado that caused destruction to farm property and live stock. In the timbered sections public highways are a strewn mass of trees, telegraph poles, dismantled farmhouses and barns. No lives are reported lost. The cloud assumed a funnel shape, the smaller end dragging the earth, whipping around like a great snapper, carrying away whatever stood in its way. Winamac was enshrouded in midnight darkness when the cyclone struck this place, which destroyed shade trees, overturning small frame buildings and broke plateglass windows. Citizens fled to their cellars.

TWO ARE MISSING.

Wellsville, O., May 23—William Kickey was fatally crushed and Contractor Clayton Anghinbaugh seriously injured by the collapse of two new buildings during a storm here. Three others were slightly hurt. Two unknown men are missing and are believed to have been buried beneath the ruins of the wrecked buildings.

RUSSIA

Promises Open Door—McCormick Says Czar Doesn't Desire to Close Manchuria.

London, May 23—United States Ambassador McCormick is here for a few days on his way from St. Petersburg to America. He sails on the steamer Kron Prinz Wilhelm Wednesday next, with his wife and Miss Patterson. The St. James Gazette prints an interview with Mr. McCormick in which he is quoted as saying:

"One of my last official acts before leaving St. Petersburg was to interrogate the Russian government on its policy toward Manchuria. I was assured that Russia had no desire to see the United States or to have its consuls excluded. Russian government authorities were emphatic in declaring that they were with America in the open door policy in China, and what applies to the United States must also apply to every other power."

"You do not consider then that the situation in the far East is in any way serious on account of Russia's policy in Manchuria?" queried the reporter. "I do not," replied Mr. McCormick. "I can see nothing at present which need alarm the United States or any other country."

DR. HILLIS

Says He Will Make Booker Washington's Bed if No Other Person Will Do So.

(Advocate Telegram.)

New York, May 23—It was announced yesterday by Rev. Dr. Hillis, president of the Foreign Missionary Society, that he had invited Booker T. Washington to speak in Plymouth church. Mr. Hillis said: "If he does not wish to go to a hotel or cannot find one, and will accept entertainment from me, and any one in my house shrinks from making up a bed for the colored educator, I will gladly make it up myself, and count it an honor so to do."

All Within Three Hours.

Gallatin, Tex., May 23—Sam Harris, aged 35, stole a mule from his uncle, Jesse Harris at Rockbridge, and a few hours later sold the mule for \$10 to a Gallatin man. He was arrested an hour afterwards, tried before a jury and sentenced to six months' imprisonment in the city workhouse. This all happened within three hours.

BODY

Of Murdered Girl Found Today.

Suspect Under Arrest at North Bend.

EXCITEMENT OVER THE CRIME IS INTENSE.

KAISER'S CONDITION IS CRITICAL.

Girl Torn From Father's Side Was Crucially Treated, Murdered and Thrown in Creek.

(Advocate Telegram.)

Guilford, Ind., May 23—The body of Miss Rose Kaiser, who Thursday was outraged and murdered and torn from her father's side after he had been knocked senseless, was found this morning in Tanner's creek.

Scarcely any clothing was left on the body.

A negro answering the description of her assailant who is now under arrest at North Bend, Ohio will be brought here at once for identification.

Posses with bloodhounds were out all last night scouring the country around Manchester for the negro who waylaid and assaulted Martin Kaiser and his daughter, Rose, aged 17, on Thursday night. As telegraphed the Advocate yesterday, Kaiser was found in an unconscious condition near the Big Four tracks at Lawrenceburg on Friday, but the girl's body was not discovered till today.

After regaining consciousness, Kaiser said that a negro had assaulted him with a club and carried his daughter into the woods nearby. The girl's hat and umbrella were found near Tanner's creek and the discovery of the body this morning shows that it was thrown into the creek by the negro after he had assaulted and murdered her.

Kaiser, who is 19 years of age, is in a critical condition and not expected to live.

Kaiser and his daughter had been to the Catholic church at Yorkville to attend Ascension day services. They passed through Manchester shortly after 7 o'clock Thursday night and the attack must have taken place shortly after. Excitement is at fever heat.

A TERRIFIC STRUGGLE.

(Advocate Telegram.)

Guilford, Ind., May 23—An examination of the body of the murdered Rose Kaiser shows that she must have struggled terrifically to save her honor.

ANNUAL MAY MEETING.

Licking County's Staunch Democratic Hosts Together in Council.

PRIMARY ELECTION TO BE HELD ON SATURDAY, JUNE 6.

One of the Greatest Gatherings of the Kind in Recent Years—Delegates Named for State Convention—Ringing Resolutions Adopted Saturday.

In the absence of the chairman of the County Central Committee, W. D. Bonner, at the request of the Secretary Eugene Moore of Pataskala, Judge E. M. P. Brister called the Democratic May meeting to order at 10 o'clock, in the convention room of the court house Saturday morning.

Secretary Moore called the roll of precincts and the delegates arranged themselves as best they could in the limited quarters.

The room was entirely inadequate to accommodate the large number of Democrats who were in attendance upon the honored party function.

Judge E. M. P. Brister was made temporary chairman of the convention.

Charles Miller was elected unanimously as sergeant at arms.

HOME ECONOMY.

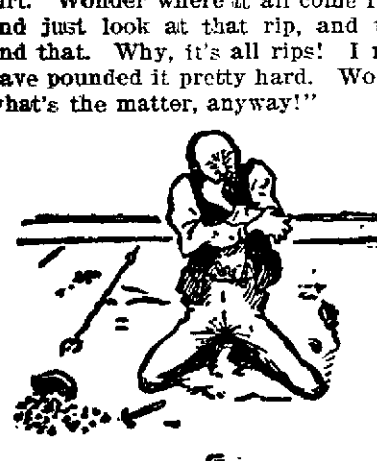

1. "My dear, we must begin to practice Home Economy, and to start it I'll just take hold and lay this carpet; no use paying money out for such a trifling job; and since I've cleaned it I might as well lay it, and I'll just begin right in this corner. It is no great trick to clean a carpet or lay it either."

2. "Oh, but you have to come up, you know; uh, ah, ah, ah-a."

3. "Well, I declare; my hands are all dirt. Wonder where it all come from, and just look at that rip, and that, and that. Why, it's all rips! I must have pounded it pretty hard. Wonder what's the matter, anyway!"

4. "Ouch, O-o, my thumb! Oh, O-o! I've stuck tacks in my hands and knees and pounded my thumb all on account of this half-cleaned and worse-laid carpet. I'll send it to FRANK MYLIUS' CARPET CLEANING WORKS next time, or I'll know why."

5. "My dear, don't you think we will save time and money and get a more satisfactory job by sending for FRANK MYLIUS, the Carpet Cleaner, Fitter and Layer? He does the finest work that can be produced and for the least money. All work is guaranteed first-class or no pay."

"Why, certainly I do; my dear. He makes a specialty of first-class work."

TOWNS NEAR NEWARK.
BIG FLOW
OF GAS STRUCK BY MR. EVERETT NEAR CROTON.
Funeral of Mrs. W. P. Harris Takes Place at Centerburg—Croton Well a Failure.

(Advocate Special.)
Croton, O., May 23.—The Edward H. Everett company of Newark, made a fine gas strike this morning on the Watson farm 5 1-2 miles southeast of Croton. The well came in early this morning and shows a flow of 3 1-2 million feet a day.
The funeral of Mrs. W. P. Harris, wife of the well known contractor died Thursday night at the age of 60 years after an illness with cancerous tumor of the stomach. She was highly esteemed in this community and her death is greatly deplored. Mrs. Harris leaves besides her husband one stepdaughter, Mrs. A. G. Stutz of Sunbury.
The gas well drilled here by Croton company has proved a failure but the company is not discouraged and will sink another well without delay.

GRANVILLE
David Beem Kicked by Horse, but Injuries Are Not Serious—Civil War Rosters.
Granville, O., May 23.—Mr. Isaac De Low has a number of rosters of the Civil War, including volumes 185 to 195 inclusive. Old soldiers wanting any of these volumes can secure them by calling on Mr. DeBow at the marble works.
David Beem, one of the most prominent farmers and Democrats of Granville township, was kicked in the side by a horse and badly injured. It is not thought however, that his injuries are of a serious nature.
Miss Alice Hughes of Columbus, who has been visiting friends and relatives here for a few days, returned home on Friday.

LOGAN WELL
Near Fairview Church Shot With 80 Quarts of Nitroglycerine and the Flow is Increased.
Utica, May 23.—The Logan well on the Barhart farm near the Fairview church, which came in good for two millions last season has been working badly for some time, and finally it became drowned out by salt water until there was scarcely any flow of gas. The packer was removed and the well was cleaned, and on Tuesday Mr. Morey of Corning shot it with 80 quarts of nitro glycerine. The shot produced a flow of four or five millions which in a few hours ran down to about three million, where it stayed. It was tubed Wednesday at which time it was holding up well.

ELECTRIC ROAD
Fredericktown Lawyer is Securing the Rights of Way from Mansfield to Mt. Vernon.
Mt. Vernon, O., May 23.—Mr. W. L. Ball, the Fredericktown attorney, is securing the right of way for Mansfield parties through Fredericktown and to Mt. Vernon for another electric railway line from Mansfield to Mt. Vernon. From Fredericktown to the county seat it is expected that the line will parallel the B. & O. track. The indications are that the line will be commenced this summer.

BISHOP
Moeller Now Archbishop of Areopolis, Greece—Receives Titular Honors. Coadjutor to Elder.
Columbus, O., May 23.—Most Rev. Henry Moeller, formerly bishop of the diocese of Columbus, became titular archbishop of Areopolis, Greece, and coadjutor to Archbishop Elder of Cincinnati last evening upon receipt of the papal brief of his appointment. The brief is dated April 27, the election having been made April 6, as reported by telegraph from Rome.
Areopolis is a city of about 2000 inhabitants, situated in the south peninsula of Greece, and is a part on the gulf of Koran.
The fact that the receipt of the papal brief made the former bishop of this diocese archbishop of a foreign see, rendered the Columbus bishopric at once without a head, and, on account of confirmation, ordination and other official appointments made as bishop of Columbus, it became necessary for the former bishop to journey to Cincinnati last night to obtain facilities from the archbishop to act in the diocese of which he was bishop but yesterday.
While in Cincinnati it is expected that Archbishop Moeller will discuss arrangements for taking up the duties of his office as coadjutor to the venerable archbishop.
He will depart from Cincinnati today, having numerous duties to perform in this diocese within the next few days.

TOO MUCH MORPHINE.
Delaware, O., May 23.—Mrs. Fred Flaherty, aged 35, met her death Friday by an overdose of morphine. She was addicted to the use of the drug and twice before came near dying. She was the wife of a wealthy farmer.
NEWTON MILLS DEAD.
Martinsburg, O., May 23.—Newton Mills, aged 86 years, who died Wednesday night was buried yesterday. His wife, six sons and two daughters survive.
CHALLENGE FROM MR. HALL.
Offer to Refund Money if Dr. Howard's Specific Will Not Cure Any Case of Constipation or Dyspepsia.
Frank D. Hall is seeking the worst cases of dyspepsia or constipation in Newark or vicinity to test Dr. Howard's new Specific for the cure of those diseases.
So confident is he that this remarkable medicine will effect a cure, quickly and lasting, that he offers to refund the money should it not be successful.
In order to secure the quickest possible introduction Mr. Hall will sell a regular fifty cent package of this medicine at half price, 25 cents.
This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia, and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.
Take advantage of Mr. Hall's challenge and secure a bottle of Dr. Howard's specific at half price, with his personal guarantee to refund your money if it does not help you.

Queer Way to Kill Fish.
Natives of the Torres strait have an original method of killing fish. In places where turtles and large fish are wont to congregate they erect platform forms, and as soon as a great turtle or fish appears the man on the nearest platform throws a harpoon and almost invariably strikes the animal. After this is done one of the other men jumps from his platform with a rope, which he fastens around the tail of the captured fish. One end of this rope remains tied to a platform, and thus the fish or turtle is soon safely secured. It is likely, however, to plunge about a good deal, and therefore those men who are within reach of the rope are obliged to take care that it does not trip them up with it.
Her Plan.
"I intend," she said, "to give in charity as much as I spend on dress. It's such a grand idea, so ennobling!"
"It's a good plan," he admitted. "I think you spend too much on dress anyway."
"What's that got to do with it?" she demanded.
"Why, you'll divide your wardrobe money, won't you?"
"Certainly not. I expect you to double it."

Canada's Woods.
The impression that British North America is covered with valuable timber is fallacious. Black walnut, red cedar and white oak are not found north of Toronto. A line drawn from the city of Quebec to Sault Ste. Marie will designate the northern limit of beech, elm and birch. The north shore of Lake Superior will mark the northern boundary of sugar hard maple.
Ancient.
Robson found Smith engaged in vigorously polishing his shoes. "What are you doing that for?" he asked. "I always thought you wore patent leather."
"These used to be patent leather," replied Smith, painfully bringing his spinal column into its normal position, "but the patent on them has expired."
It is stated that on January 1, 1903, there were 1,124 bituminous coal mines in operation in Pennsylvania, as compared with 948 on December 31, 1900.

Insane on One Point.
Erskine mentions a case where a person who had been confined in an asylum prosecuted his brother and the proprietor for imprisonment and false duress. The prosecutor, himself a witness in support of the indictment, was put into the witness box and examined. When Erskine came to cross examine him, he tried to discover some lurking alienation of mind, but during a cross examination, conducted with all the skill and sagacity of which he was master, for nearly an hour he was completely foiled.
But a gentleman who had come accidentally into court whispered in Erskine's ear that the witness thought he was the Saviour of mankind.
On receiving the hint Erskine made a low bow to the prosecutor, addressed him in terms of great reverence, respectfully begged to apologize for the unceremonious manner in which he had treated a person of his sacred character and called him by the name of Christ. The man immediately said: "Thou hast spoken truly. I am the Christ."

Concerning the Letter "Y."
A writer in Science denies that the letter "y" is a lineal descendant from the Roman "Y," which in the time of Cicero was borrowed from the Greek alphabet to represent upsilon in the translation of Greek names. The letter is only used, he says, as a vowel to transliterate upsilon in loan words either direct from the Greek or indirectly through Latin or French. In a great majority of cases the English "y" is a semiconsonant corresponding in value with the continental "j." Along with the other Roman letters, "y" was adopted by the Anglo-Saxons from the Latin alphabet, with a value approximating to that of "i." In fact, he claims that there is not a lineal descendant of the Anglo-Saxon "y" now in existence. The letter "y" in modern English words is, curiously enough, he claims, not a "y" at all, but a lineal descendant of the Anglo-Saxon "g," which was the Roman "G" evolved by the Romans out of an earlier "C."

Nature's Curious Tree Law.
Let us observe a law common to all trees. First, neither the stems nor boughs of the maple, elm or oak taper except at the point where they fork. Whenever a stem sends forth a branch and a branch sends off a smaller bough, bud or stem, they remain the same in diameter, and the original stem will increase rather than diminish until its next branch starts. No bough, branch or stem ever narrows near its extremity except where it parts with a portion of its substance by sending off another branch or stem.
All trees are alike in this respect, and if all the boughs, branches, stems, buds and blossoms were combined and united without loss of space they would form a round log the same in size and diameter as the trunk from which they spring. This is one of nature's imperative laws and never fails to prove true.

Dealings in Graves.
Cemetery shares continue to be quite a market feature in Scotland and are actively dealt in on the Edinburgh Stock Exchange. Apparently they appeal to the curious nature of the canny Scot, who doubtless reasons that in such a holding he has a security which is not likely to vanish and that if the worst comes to the worst he will never need to come on the parish for a grave.—London Financial News.

ADMIRABLE
Site for a Club House or Cottages for Sale.
Catawba Island is the most delightful of all of the Lake Erie resorts, for those who seek rest and quiet during the summer months. There is for sale a ten acre tract of land, suited for a club or a number of cottages. The land is covered with a natural forest and its water front is a bluff some 30 feet high. The site commands a view of the other islands of Lake Erie and the mainland to the westward. Cool breezes, shade and pure air are always in evidence here. The site is one mile from the boat landing, on a good road. The property will be sold cheap and on easy terms. Write or apply to W. L. Allendorf, Sandusky, Ohio. May 18-23-30.

Alarming news comes from Europe of the spread of the anti-Semite excesses and the fear of the Jews that massacres will be renewed at Pentecost, about June 14. Riot and bloodshed are predicted for Roumania as well as Russia. Either the government is correctly interpreted or fanaticism has been cultivated among he peasantry, for they frankly confide their acceptance of some order to kill the Jews. No people, despite their ignorance and poverty, recognize "the authorities" more than the Russian peasant, and hence the czar has the chance to employ his marvelously organized police and military force to quell these impending disturbances, but his failure to do so is the talk of the civilized world today. The czar is in no position to condemn the crimes against civilization in Turkey when he permits the recent outrages in his own dominions to go unpunished.

Whilst President Roosevelt gives the credit of the Louisiana Purchase to everybody but Thomas Jefferson, a belated Federalist organ thinks that nobody had much to do with it but Alexander Hamilton. After a while they will tell us that Jefferson had no share of the Declaration of Independence or in the immortal Virginia ordinance proclaiming religious toleration.

Deep Sea Fish.
Great forests of seaweeds cover the bottom of the ocean and reach from the greatest depths to the surface. In these forests there is life more diversified than in the primeval forests of the tropics. Spiders and wormlike animals of enormous size, infusoria, crabs, sea urchins, shells, crustaceans, starfish, turtles and millions of other living things of all kinds find their food in the equally varied plant life of the deep sea.

A curious circumstance connected with deep sea fish is that none of these has ever been brought up alive. Recent deep sea explorations reveal the fact that the ocean still contains immeasurable treasures which await development and utilization by human inventiveness. The most fertile acre of cultivated land is a sterile desert compared with one acre of the surface of the deep sea bottom.

Wet Shoes.
The usual and the wrong way of treating wet boots is to take them off and put them on the fender or the radiator to dry. This method spoils the boots. Too much heat cracks and hardens leather.

Another wrong way is to stand them on their soles anywhere to dry. The proper way is to place the boots, soles upward, near enough to the fire to dry slowly and properly, but not to steam during the drying.

The soles should always be turned upward, even when the boots are only a little wet, for this way enables the air to reach the wettest part of the leather first.—American Queen.

The Colossus of Rhodes.
The Colossus of Rhodes, a bronze statue, was 105 feet high. It was made by Chares, who, aided by an army of workmen, consumed twelve years in its construction. It remained in position in the harbor of Rhodes for sixty-six years and was thrown down by an earthquake B. C. 224. It lay on the ground 804 years and was sold to a Jew for old metal. He carried away 900 camel loads, or about 720,000 pounds, of bronze.

NEARING A CRISIS.

No Burglar Killed Miss Reichlin--Man is Under Suspicion--Talk of Special Grand Jury--Status Of the Mysterious Case.

Cleveland, Ohio, May 23.—Affairs in the Reichlin murder mystery seem to be nearing a crisis. It is not unlikely that a special session of the grand jury will be called next week. Detective Jake Mintz, after working on the case for several days, found circumstantial evidence which he has carefully sifted and put together in what he considers a very strong chain. According to his view the evidence seems to point unmistakably to one man as the murderer. Last evening he obtained evidence which, if it fits into the chain as he expects, will make it difficult to doubt that his solution is correct. He stated that he believed he could induce the authorities of Lorain county to call a special session of the grand jury to indict the man whom he believes to be guilty. If his demand is refused Mintz says that he will drop the case.

Prosecutor Stroup and Mayor King came to Cleveland to confer with Mintz. He laid before them his evidence. They were profoundly impressed. They admitted that his inferences seemed well founded, but doubted that the facts were sufficient to indict.

Prosecutor Stroup said that he did not feel justified in calling a special meeting of the grand jury and preferred to wait until the regular fall term.

After the Prosecutor had returned to Elyria Mintz received evidence which he believes will have a direct bearing on the case. It is in the nature of an article which he suspects belonged to Agatha Reichlin and which was found, cloaked with blood, in a place near the scene of the murder. After passing through several hands, it finally came into possession of the detective.

"I shall see Mayor King again," said Mintz, "and lay the matter before him. I am employed by the Mayor and am responsible to him. I believe I have evidence to convict."

It would not be surprising if the suspect should be placed under arrest at any time. He is now under surveillance.

The much discussed "motive" for the crime in the theory suggested is temporary insanity.

Father Walser has been asked to come to Cleveland to answer a list of questions prepared by Mintz. Mintz addressed to Rev. Mr. Walser a personal communication asking him, unofficially, to appear.

Mintz hunted up, in Cleveland, a professional thief of international reputation, induced him to go to Lorain and give his opinion on the case, especially as regarded the burglar theory. Mintz took him over all the ground and then asked him whether or not a burglar had killed Agatha Reichlin. "No," was the reply, "not even a bungling burglar. I know the business thoroughly and I am certain that it was not a burglar who committed this crime."

tion that will destroy trusts and we especially demand the enactment of legislation placing upon the free list of the tariff all goods and merchandise controlled by the trusts, and we denounce the professed efforts of the Republican party to destroy trusts as being wholly insincere and hypocritical.

Resolved, That hereafter when delegates to any convention are to be selected at any primary election, the names of all candidates for delegates shall be announced in advance in the regular way, and be printed upon the ballot voted at such primary election.

Resolved, That with unspeakable sadness we notice the absence from our midst today of one, who for the last 50 years, has been proud to participate in our councils, that upright Democrat, that whole souled man, the Hon. Hon. Edward Kibler, chairman of the Committee on Resolutions, read the report of the committee as follows:

Resolutions.
Be it resolved by the delegates representing the Democratic party of Licking county in convention assembled, that we hereby renew our allegiance to the Democratic principles upon which this Republic is founded, as taught by Jefferson and Jackson and as embodied in the Declaration of Independence, the Constitution of the United States, and the National Platform of the Democratic party and that while issues between political parties in this country are frequently created by existing conditions, we maintain that the principles on which the Democratic party is founded are immutable and we hereby reaffirm those principles as laid down in the last two national platforms.

Resolved, That we believe in Jeffersonian expansion but we are unalterably opposed to Republican imperialism, we believe in government by consent and not by force; we believe in expansion by natural growth and not by conquest; we view with alarm the imperialism of the present National administration by which millions of free people are governed without their consent; by which the Constitution has been set at naught and the American flag has been made to float over subjects, slavery and polygamy; we believe that, "forcible annexation is criminal aggression."

Resolved, That we point with pride to the history of our Country under Democratic Administration—its growth and progress—its freedom and happiness—and especially to the fact, that with the exception of Alaska, all of our territory out of which most of our sovereign states have been carved, has been added by the Democratic party, under Democratic administrations, notably that of Jefferson. This is democratic expansion, as distinguished from Republican imperialism. This was adjacent territory added peacefully and not by conquest.

Resolved, That we are opposed to trusts of all kinds and to legislation that creates and fosters them. We charge the Republican party with being the creator and supporter of trusts. We are in favor of any and all legisla-

BABY SCALDED.

Little Two Year Old Tot Fell into Bucket of Hot Water on Hoover Street Saturday and May Not Recover.

Margaret, the little two year old daughter of Mr. and Mrs. Eugene Murgatroid, living at 77 Hoover street, was seriously and perhaps fatally scalded Saturday morning shortly after nine o'clock. The little one had gone over to the home of Mr. John Evans, who lives in the adjoining house, and was playing with Mrs. Evans' little three year old grandson, Harold Evans when she fell into a bucket of scalding water.

or, that Mrs. Evans was using in scrubbing the floor, and was badly scalded. Dr. W. H. Knauss was immediately called and he found that the child was deeply scalded from the arms down. He administered the usual remedies but at this writing is unable to say whether or not her injuries will prove fatal.

The child died in a convulsion at 12:20 o'clock Saturday afternoon.

ARREST

ON THE CHARGE OF ASSAULT AND BATTERY

Little Girls Pointed Out Jeff Laird as the Man Who Annoyed Them in North Newark.

Jeff Laird was arrested Friday night by Officers Swank and Callan, on suspicion of being the man who attempted to take undue liberties with three little girls in North Newark Friday.

At the city prison Saturday morning Laird was positively identified as the man by Emma Fenchel, 15, Anna Farrow 13, Eliza Patterson, 10 and Alice Addison, 10. After the identification, prosecuting Attorney Fitzgibbon prepared affidavits, charging Laird with assault and battery on Emma Fenchel and Alice Addison, and assault on Eliza Patterson. Miss Fenchel signed the three affidavits, and Mayor Crilly set the hearing for Monday morning at 9 o'clock.

RELIEF FUND

ADVOCATE SENDS DRAFT FOR \$101 TO NEW YORK.

That Sum Represents the Subscriptions for Russian Jews Received from 50 Newark People.

The Advocate sent a draft to the General Relief committee in New York City Saturday noon for \$101, accompanying the remittance with a note reading as follows:

"We are directed to remit to you all funds collected here for the relief of the Russian Jews. Enclosed herewith please find draft for \$101, the amount collected in this city. The sum represents 50 contributors. Kindly acknowledge receipt."

Yesterday's paper announced that \$100 had been collected but an error of \$1 had been made in the footing. To this sum Dr. and Mrs. Chas. A. Hatch on Saturday added \$2 and a draft for \$101 was forwarded.

Subscriptions that may be left at the Newark Real Estate and Improvement Company's office, 14 North Park Place, will be forwarded next week.

THE Y. M. C. A.

First Address in the Series on Great Religious Leaders of the Past on Sunday.

As announced in Monday's paper, the first address in the series on "Great Religious Leaders of the Past," will be given at the Y. M. C. A. tomorrow afternoon at 3:30 by Rev. J. C. Schindler, pastor of St. Paul's Lutheran church. His address will be on Martin Luther. Mr. Schindler is eminently qualified to present a study on the character and life work of the Great Reformer. No man who can possibly arrange to attend should miss this address. The series which follow this address is as follows:

Sunday, June 7, "John Wesley," Rev. L. S. Boyce.

Sunday, June 14, "Horace Bushnell," Rev. L. C. Sparks.

Sunday, June 21, "Alexander Campbell," Rev. H. Newton Miller.

Sunday, June 28, "Charles Spurgeon," Rev. B. F. Patt.

The special music tomorrow will be given by the choir of St. Paul's Lutheran church.

CHRISTY BAYER

The Absconding Circleville Man Was Recently Seen in Texas by Soldier Who Knew Him.

Christy Bayer, the absconding building association man of Circleville, O., who was seen in Newark after his disappearance from home, has just been seen in Texas. A Circleville dispatch says:

Postmaster Miller of Darbyville received a letter from his son, J. Will Miller, at San Antonio, Texas, who says that he saw Christy Bayer at that place. The son is a private in the

Fourth regiment, United States Infantry, and is now on his way to the Philippine Islands, where he has already gone through one campaign with the Seventeenth regiment. Miller also served in the Porto Rican campaign with the Fourth.

That part of the letter referring to Bayer runs as follows:

"Father, don't you know I saw Christy Bayer here the other day and when he saw me he turned as pale as a sheet. He ran out and jumped into a cab and went down the street as fast as the horses could go. I was in uniform and he recognized me, and, poor devil, I suppose he thought, I was after him. I was so dumfounded that I could not speak."

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Friday's Recital.

The entertainment given on Friday evening at the First Presbyterian church was attended by a good audience of the music loving people of Newark. The concert was given by F. B. McDowell assisted by Mrs. Lester S. Boyce and Mrs. Delora Krebs, vocal soloists, and Miss Ada Ickes and Amy L. McDowell accompanists.

Friday evening was Mr. McDowell's second appearance in this city, and he was enthusiastically received. His descriptive preface to the different numbers on the program added greatly to the pleasure of the performance. His technique is fine, especially the piano passages. Mrs. Boyce and Mrs. Krebs are too well known to need comment, and the accompanists played no small part in the success of the concert.

That Tired Feeling

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. The great medicine has also cured me of scurfiness." Mrs. C. M. Root, Glend, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

The Vulture.

The question is mooted whether the vulture knows of its quarry by sight or smell. How does it communicate the news of a feast to its fellows? A tiger had been killed.

Colonel Ramsey ordered the carcass of the skinned tiger to be dragged out from under the truck man's crates into the open. Taking out his watch, he asked us to make a guess as to how long the vultures would take to clean the flesh off the bones. Some one said half an hour. As there was not a vulture in sight, this seemed even better, but Colonel Ramsey gave them ten minutes, which proved to be correct. There was one vulture at first seen soaring round and round very high up in the cloudless sky. He closed his wings and dropped on to the carcass with a swoop. In two minutes the sky was full of vultures, all concentrating from every side on the spot, and arriving with all the impetus their drop from a great height gave them as fast as it takes to tell the story. Then there commenced a frightful scene of literal carnage, every one tearing with sharp, hooked bill at the entrails first, then at the flesh, all fighting for room to get a piece and tumbling over one another with frantic haste.—"The Forests of Upper India and Their Inhabitants," by T. W. Webber.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMeter of Sheperdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely."

It's infallible, for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Frank D. Hall, druggist. Regular sizes 50c. and \$1.00.

What Holds the Novel.

Frank Norris, author of "The Octopus" and "The Pit," was a most virile writer and a man of decided opinions. He was wont to say of the great factors in molding public opinion that "the pulpit speaks but once a week, the press is read with lightning haste and the morning news is waste paper by noon; but the novel goes in the home to stay."

This opinion was aired by Mr. Norris in the lobby of a hotel in a small town in Illinois. Among those present was a country editor, who was prompted to remark that the novelist's views reminded him of his dog Wolf. Wolf persisted in running away from home, killing chickens and annoying children in the community. At last a method was adopted by which the dog was confined to his own household.

"Chained him, eh?" was the thought voiced by several of the company.

"Yes, sir," declared the editor. "And if your modern novel goes into the home to stay let Wolf remind you that it's on account of the binding."

Too Great a Risk.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured, or a physician could be summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

Political Economists.

While great fortunes and great industries have almost invariably been created by uneducated men, parvenus unembarrassed with learning, who taught themselves what they found necessary to know, we find, on the other hand, that those men who have made commercial science, political economy, their study have not shown any success in business and have remained theorists. Most political economists have had to live on their pen. Mr. Cobden went bankrupt in business. It is true that Ricardo was well off, but he was a stockbroker by trade, and with him political economy was only a hobby, not a serious result. It is strange how few business men of the first rank have a good word to say of political economy.—Nineteenth Century.

Pocketing a Fee.

For a whole year the famous English physician, Dr. Badcliffe, attended a friend without a single fee passing between them. As he was leaving after his last visit the patient said: "Here, doctor, is a purse in which I have put every day's fee. You must not let your kindness get the better of my gratitude; so please take it." The generous physician put out his hand to reject the purse, but the clunk of the gold was too much for his amiable resolution, so he put it in his pocket, saying, "Surely, sir, I could have refused them forever, but all together I am afraid they are irresistible."

Army Post Clubs.

Major General Young, Brigadier General Carter and Major John T. French, Jr., have all but completed plans for the spending of the \$1,000,000 appropriated by the last congress for the erection of clubs for the enlisted men at the various army posts, says the New York Commercial Advertiser. These will take the place as far as possible of the abolished cantons. Clubs will be built at Ft. Leavenworth, Ft. Thomas, Columbus barracks, the Presidio, Fort Leavenworth, Fort Riley, Fort Snelling, Fort Clark, Fort Logan, Vancouver barracks, Fort Meyer and at Manila. These buildings will be equipped with libraries, bowling alleys, billiard rooms, gymnasiums, swimming pools and shooting galleries. Full provision will also be made for outdoor sports.

Austrian Army Reforms.

A movement has been started in Austria to reduce the time of compulsory service in the Austro-Hungarian army from three to two years. This will increase the annual expenditure for the army by 80,000,000 kronen (about \$15,000,000).

Mrs. Laura S. Webb,
Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY
sickly women be-
tween the ages of
45 and 55, but there are
very few invalids over 55
and 60 years of age. The
change of life coming to
a woman near her forty-
fourth year, either makes
her an invalid or gives
her a new lease on life. Those who
meet this change in ill health sel-
dom live ten years afterward, while
a woman who lays aside the active
duties of womanhood in health sel-
dom fails to live on in happiness,
years after she has passed 60. This
is truly a critical time.

Mrs. Laura S. Webb, of Toledo,
Ohio, recognizes the change of life
as a dangerous period and she also
has faith in Wine of Cardui. She
writes:

"As I had always been troubled more
or less at the menstrual period, I dreaded
the change of life which was
fast approaching. While vis-
iting with a friend I noticed
that she was taking your
Wine of Cardui, and she was
so enthusiastic about it that I
decided to try a bottle. I ex-
perienced some relief the first
month, so I kept on taking it
for three months and now I
menstruate with no pain and
I shall take it off and on now
until I have passed the climax. I do not
dread it now, as I am sure that your
Wine of Cardui will be of great benefit
at this time."

Wine of Cardui is the remedy to
re-inforce a woman against the shock
that comes with the change of life.
It re-establishes healthy functions
after years of suffering. In doing
this it has saved thousands of suf-
ferers just in time. Do not wait
until suffering is upon you. Thor-
ough preparations should be made
in advance. Begin the Wine of
Cardui treatment today.

A million suffering women
have found relief in

A Pack of Cards.
The ordinary playing cards of today
are derived from a stick game sup-
posed to have originated in this coun-
try. Fifty small sticks are a pack. The
"game" was originally for the player
to divide the sticks rapidly with his
two hands, the opponent guessing
which hand held the larger number.
Owners of sticks spent rainy days in
carving them. The Asiatics borrowed
the game and carved more elaborate
counters out of ivory. Those with dif-
ferent carvings grew to have different
values. Arranging them in groups of
four made it necessary to add two to
the original number. Then thin slabs
of ivory began to be used.
For centuries after this all playing
cards were hand painted, at first on
ivory or metal, afterward on card-
board. The pictures, at first legendary
heroes and ladies, gradually became the
fixed, wood faced caricatures we now
know, and these, coming back to Amer-
ica in their westward journey around
the world, find our Pacific coast Indi-
ans still juggling the same kind of
sticks their forefathers used.—New
York World.

The Word "Starvation."
The word "starvation" was introduced
into the English language by its
coiner, Henry Dundas, afterward Vis-
count Melville. It was originally used
by him in a speech in parliament on
the American debate in 1775 and was
immediately caught up and applied to
himself in a political nickname, so that
he was known thenceforward as "Star-
vation" Dundas.
"I shall not," such was his declara-
tion, "wait for the advent of starva-
tion from Edinburgh to settle my judg-
ment."
Before the time of Dundas "starve,"
"starving," "starved" and "starveling"
were in use, but hunger or famine rep-
resented the state of starvation.
Although this word has now an es-
tablished place in our vocabulary, it
was at first vigorously opposed by
many, and on just grounds, as of hy-
brid formation. The root "starve" is
old English, while the ending, "ation,"
is Latin. It does not appear in any
English dictionaries until the year 1800.

Woman's Nightmare

No woman's happi-
ness can be complete
without children; it
is her nature to love
and want them
as much so as
it is to love the
beautiful and
pure. The critical ordeal through which the expectant mother must
pass, however, is so fraught with dread, pain, suffering and danger,
that the very thought of it fills her with apprehension and horror.
There is no necessity for the reproduction of life to be either painful
or dangerous. The use of **Mother's Friend** so prepares the system for
the coming event that it is safely passed without any danger. This
great and wonderful

**SOCIETY
EVENTS OF
THE WEEK.**

On Friday evening the King's Daugh-
ters gave a reception at the home of
Mrs. W. D. Fulton in honor of Miss
Bond of Toledo, state secretary. Mrs.
Williamson and Mrs. McCampbell, who
were to share honors with Miss
Bond, were unable to be present. Miss
Bond however, proved herself a host,
and won to herself the friendship of
all present. There were between fifty
and sixty guests. All the circles were
well represented. Five members of
the Granville circle were present. An
informal program, consisting of several
music numbers by Miss Elsie Hirsch-
berg, a brief report by the County Sec-
retary, Miss Minnie M. Williams, and
very interesting remarks by Miss
Bond. Some time was occupied by
questions and answers by both State
Secretary and the different circles.
Icigs and cakes were served.

The May meeting of the Women's
Home Missionary Society of the First
M. E. church, was held with Mrs.
Joshua Zartman on Thursday after-
noon at her home on "Lovers' Lane."
Devotional exercises were led by Mrs.
Kinsey. Reports and business were
then disposed of. Paper, "How to
Make our Meetings Interesting," Mrs.
Sacks. Roll call was responded to
with a scripture verse. It was the
yearly opening of the mite boxes, and
a goodly sum was realized when the
boxes gave up their contents. The
afternoon closed with a social hour
and supper.

Miss Katharine Suter entertained
the J. T. C. on Thursday evening. The
evening's entertainment consisted in
playing flinch. Mrs. Frank Timms
and Miss Kate Sparks were guests of
the club.

Mr. and Mrs. W. E. Gray of Colum-
bus entertained in honor of their
nieces, Katharyn Quillan and Elisa-
beth Kennedy, Wed. by evening.
Those present were, the Misses Grace
Raleigh, Mary Leonard, Teresa Curtis,
Mary and Helen Quillan and Messrs.
Thomas Leonard, Charlie Baumaster,
Gay and Eddie Donegan Leo Sweet-
manman and Harry Copper of New-
ark. The evening was pleasantly
spent with music and games.

Miss Kate and Mary Mincer deli-
ciously entertained a few of their
friends at their pleasant home on
Seventh street on Wednesday evening.
The feature of the evening's enjoyment
was a guessing contest. The first
prize, a handsome lunch cloth, was
won by Miss Maggie Stelzer and the
second prize was won by Miss Blanche
Reynolds. At 10 o'clock covers were
laid and all partook of a fine course
supper, prepared by Miss Mary Min-
cer. Those who enjoyed the Misses

THE SCOLD'S BRIDLE.
Brutal Punishment to Which Women
Were Once Subjected.

The brank, or scold's bridle, or gos-
sip's bridle, was neither more nor less
than a muzzle. It was in general use
in Great Britain from the sixteenth to
the eighteenth century, and in Scot-
land as well women were muzzled for
certain offenses, some at least of them
more imaginary than real. The instru-
ment of torture, even a dog's leather
muzzle, is uncomfortable; how much
more the scold's muzzle? It consisted,
according to a high authority, Mr. W.
Jewitt, of a kind of crown or frame-
work of iron, which was locked upon
the head, and it was armed in front
with a gag, a plate or a sharp cutting
knife or point, which was placed in the
poor woman's mouth so as to prevent
her moving her tongue, or it was so
placed that if she did move it or at-
tempt to speak it was cut in a most
frightful manner. With this cage up-
on her head and with the gag firmly
pressed and locked against her tongue
the miserable creature, whose sole of-
fending perhaps was that she raised
her voice in defense of her social rights
against a brutal and besotted husband
or had spoken honest truth of some
one high in office in her town, was pa-
raded through the streets, led by a
chain by the hand of a bellman, the
brake or the constable or chained to
the pillory, the whipping post or mar-
ket cross, to be subjected to every con-
ceivable insult and degradation, with-
out even the power left her of asking
for mercy or of promising amendment
for the future, and when the punish-
ment was over she was turned out
from the town hall or the place where
the brutal punishment had been in-
flicted, maimed, disfigured, bleeding,
faint and degraded, to be the subject
of comment and jeering among her
neighbors and to be reviled by her per-
secutors.—Fireside Magazine.

EGG LORE.
Eggs constitute the most universal
human food of animal origin.
Plover eggs are esteemed a great de-
licacy in England and Germany.
The flavor of eggs may be influenced
by the food eaten by laying hens.
Hens' eggs have a white or brown
color, but ducks' eggs are bluish white.
Hens' and ducks' eggs are commonly
offered in our market, but turkey eggs
are seldom eaten.
In Virginia gulls' eggs are commonly
eaten, and in Texas the eggs of terns
and herons are gathered along the coast.
Turtle eggs are highly prized in coun-
tries where they are abundant and,
though once commonly eaten in Amer-
ica, are now seldom offered.
On an average a hen's egg is two
and a quarter inches long and one and
three-quarter inches wide at the broad-
est point and weighs two ounces.
Recent official government figures
show that eggs and poultry in the eastern
states constitute from one-twelfth
to one-sixth of the total value of all
farm products.

Cures For Insomnia.
To an overworked little woman who
suffers from insomnia an old doctor
delivered himself as follows:
"Shun all the devices one hears so
much about, such as counting up to
5,000. They are maddening. Never
take night baths if their action is too
stimulating. Go in for a few physical
exercises, including deep breathing.
After the exercises walk backward on
tiptoe round the room until forty or
fifty steps have been taken. When in
bed, relax the body completely. Take
long, slow, deep breaths, and if you
must think of something imagine your-
self surrounded and supported by a
soft, strong, gray cloud which is bear-
ing you off to slumberland. Drinking
a glass of warm milk just before retir-
ing sometimes hastens the trip."—New
York Press.

Queer Looking Worms.
New Zealand, Australia, the Samoan
and the Solomon Islands as well as
portions of the Hawaiian group are
the homes of various species of worms
with thick, heavy bodies and with a
well defined neck connecting the body
with a head that is a startling remind-
er of that of the monkey. In the San-
dwich Islands they are called "me-
ta-luki," which means "creeper with a
child's head." An old New Zealand
legend says that at one time they were
of immense proportions and threatened
the extinction of all human life on the
islands.

Another Happy Case in Brooklyn.
"DEAR MRS. PINKHAM:—I wrote to you a year ago telling you of
my troubles. I had pains in the ovaries, menses were painful, and I
had never borne children.
"You answered my letter and I followed your advice. I was com-
pletely cured. Have just given birth to a fine, healthy babe, and during
childbirth had a very easy time.
"Lydia E. Pinkham's medicines are a God send to women who want

Many women whose letters we print were utterly discouraged,
and life lacked all joy to them when they wrote Mrs. Pinkham,
Lynn, Mass., without charge of any kind. They received advice
which made them strong, useful women again.

The New Baby

Motherhood is woman's natural destiny—
actual barrenness is rare — comforting
words to childless women.

Many women are denied the happiness of children simply because of
some curable derangement of the generative organs.
Among the many triumphs of **Lydia E. Pinkham's Vegetable Compound** is
overcoming cases of supposed barrenness. Thousands of
children owe their existence to **Lydia E. Pinkham's Vegetable Com-
pound**. This great medicine is so well calculated to regulate every function
of the generative organs that its efficiency in this respect is vouched for by
multitudes of women.

PAINE'S CELERY COMPOUND.

THE ONLY REMEDY THAT WILL REALLY MAKE YOU WELL.

Years ago when a great public demand arose for a remedy for nervous ailments as well as a reliable blood purifier, Dr. Edward E. Phelps, professor of Materia Medica and Medical Botany, of Dartmouth Medical College, gave to diseased and suffering men and women his great discovery Paine's Celery Compound. The success of this wonderful prescription has been phenomenal. No other remedy known to medical science enjoys such a widespread reputation today.

In this month of May when so many are sick, Paine's Celery Compound, makes people well. It is the one true specific prescribed by eminent practitioners for diseases arising from a debilitated nervous system; it is a positive cure for sleeplessness, wasting strength, rheumatism, neuralgia, dyspepsia, liver, and kidney troubles,

and all blood diseases. Mr. J. H. Lewis of Denver, Colo., one of the most prominent life insurance men in the United States, writes as follows:—"After an attack of grip, I found myself broken in nervous vigor, and with bowels and kidneys seriously deranged. As time brought no improvement, but rather an increased nervous prostration, I was induced to make use of Paine's Celery Compound. Before the first bottle had been used, I found a marked improvement, and its use was discontinued after I had used the second bottle. After doing without the compound for over a month I find myself with the same springy step and usual vigor as before my illness, all the former lassitude and former disarrangement having disappeared, and difficulty with bowels and kidneys have been corrected."

REPUBLICANS

SELECTED STATE DELEGATES SATURDAY.

County Ticket to be Named at Buckeye Lake July 30—Gillett Candidacy is Boomed.

The Republican county convention was called to order Saturday morning in the court room at the Court House by Chairman H. J. Hoover, of the Republican County Central Committee. Mr. Hoover on behalf of the central committee named Carl Norpell as temporary chairman. Earl Murphy, secretary of the central committee, was elected temporary secretary and on motion of Postmaster Ickes the temporary organization was made permanent.

W. A. Irvine, Smith L. Redman and Sherwood Blamer were appointed as a committee on resolutions.

A call of the townships and precincts for central committeemen resulted as follows.

Bennington, not represented; Bowling Green, G. W. Meecher; Burlington, Gus Melick; Eden, not represented; Etina, not represented; Fallsbury, F. H. McCarter; Franklin, T. M. Hazlett; Granville tp., C. B. Slack; Granville village, T. G. Baker; Hanover, J. H. Rogers; Hartford, W. H. Seigfried; Harrison, not represented; Hopewell, P. E. Kempler; Licking, James Leech; Lima, east, J. M. Friend; Lima, west not represented; Monroe, Clark Evans; Mary Ann, David R. Moran; Madison, R. E. Jones; McKean, G. W. Willard; Newark, W. H. Osborn; Newton Samuel Lyons; Perry, not represented; St. Albans, not represented; Union, south, H. D. Burch; Washington, G. W. Buxton; Newark, First ward, Precinct A, H. J. Hoover; Precinct B, F. A. Place.

The following were selected by the various townships and precincts as delegates to the Republican senatorial convention: Jas. K. Huffman, J. O. Snyder, J. H. Johnson, T. M. Hazlett, John Powell, E. H. Smoots, C. W. Cummins, E. W. Sturdevant, T. H. Lawyer, Arthur Wyeth, T. C. Jury, H. Brooks, Sherwood Blamer, Stewart Barnes, Eli Williams, G. M. Koontz, M. D. Hartsborn, Robert Leeding, Albert Norris, E. M. Share, C. A. Bricker, W. T. Carson, L. S. Lake, Wm. H. Neff, Thos. Montgomery, O. A. Nash, E. S. Randolph, David Ramsey, Chas. S. Adams, J. M. Ickes.

It was agreed that the executive committee should select alternates if any were needed.

Judge Irvine of the committee on resolutions, read the resolutions which the committee had prepared. The resolutions commend President Roosevelt's official acts, commend Senator Hanna and Senator Foraker, endorse the candidacy of Senator Overturn for a nomination for a second term, and endorse Mark Hanna for another term as Senator. The resolutions instruct the delegates to the state convention to work for and vote for "Colonel M. M. Gillett, for the office of Auditor of State, and commend him to the voters of Ohio as a man able, competent and fearless in the discharge of his duty." The Russian government was condemned because of the Jewish massacres.

H. J. Hoover, F. M. Smith, R. W. Smith, W. H. Seigfried and others

spoke regarding Colonel Gillett's candidacy. Mr. Seigfried condemned Auditor Guilbert because of his having been 21 years an office holder and having spent 16 years in the state auditor's office. He did not believe that a third term candidate could be elected and suggested that Colonel Gillett or his representatives be permitted to name the delegates and alternates to the state convention. Mr. Seigfried stated that the third term hoodoo must be killed before Hanna's re-election would be assured.

H. J. Hoover and F. M. Smith were appointed as a committee to confer with Colonel Gillett or his representative regarding the selection of state delegates and alternates. The committee made the following report which was adopted by the convention.

Delegates—Judge W. A. Irvine, Carl Norpell, S. L. Redman, F. M. Black, F. M. Smith, J. M. Ickes, R. W. Smith, H. J. Hoover, Rev. J. C. Schindel, Dr. C. D. Watkins.

The alternates are John Lambert, H. H. Baird, Marion Long, Judge C. W. Seward, B. A. Sigler, Wilbur Ransom, H. M. Grantham, S. E. Seigfried, A. S. Jamison, W. L. Atwell, R. S. Campbell, W. E. Clemons, L. H. Incho, C. L. H. Long, T. W. Brant, N. C. Sherburn, G. C. Daugherty, G. C. Guy.

Nearly every one present at the convention agreed to attend the state convention at Columbus and to assist in every possible manner the nomination of Colonel Gillett.

Before adjourning it was decided to meet at Buckeye Lake, July 30th for the purpose of nominating the county ticket. The delegates are to bring their families and the affair will be more on the order of a Republican picnic than a convention. Music will be furnished and the candidate for governor will be present if possible.

It was decided that the central committee should meet for organization and for the election of the executive committee on Saturday, July 25th. The convention then adjourned.

An effort will be made to send a big crowd from Newark and Licking county to boom the Gillett candidacy at the state convention.

Sometimes the weight goes up that way when taking Scott's Emulsion. Seven pounds of new, healthy flesh from a one pound bottle of Scott's Emulsion is on record.

Scott's Emulsion brings everything to its aid; good appetite, strong digestion, rich blood, new body strength, and above all the power to get all the good out of ordinary food.

For those who are in need of more flesh there is nothing better. Thin folks—try it!

We'll send you a Photo to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.
